

# Goondiwindi SILO Inc t/a Gateway To Training

## SILO Mission, Vision and Values

**Mission:** to provide flexible and responsive lifelong learning opportunities for regional communities

**Vision:** SILO will connect and create partnerships to facilitate lifelong learning options to build vibrant, resilient regional communities that are alive with opportunities

### Important SILO Concepts are:

Community ownership which is driven from the grassroots level

Capacity to deliver quality training, events and services which are relevant to a broad cross section of the community

Provision of a well maintained professional training and events facility

Capacity to connect and work with relevant key stakeholders in response to community needs

### Core values that underpin how SILO management and staff will operate:

**Integrity** – being honest, transparent and accountable in all things and true to the role and duties entrusted to them whilst honouring and upholding the confidence and confidentiality, where appropriate, that others place in the organisation

**Leadership** – respectfully providing a strong and positive exemplar of fair and equitable decision making, attitude and behaviours on behalf of the organisation

**Enterprise** – competently guiding the organisation towards fulfilment of its objectives by adhering to sound governance principles; fostering innovative and entrepreneurial approaches; and committing the necessary time, thought, care and diligence so that the interests of SILO are appropriately served

**Excellence** – constantly striving to consistently provide high quality processes, products and services based on considered insights of best practice, research and local knowledge
