Gateway To Training (GTT)

Goondiwindi

GTT hosted a Biggest Morning Tea function last week and once again excelled with a scrumptious spread of tasty treats for all.

Among the mouthwatering delights was a fabulous chocolate cake and Maltese bark creation which both disappeared in a short while.

These were made by the Get Set for Work clients. GSfW is proudly funded and supported by the Queensland Government's Skilling Queenslanders for Work initiative and is with other courses a specialty of the training skills at GTT.

James Lister MP was a visitor along with other guests who enjoyed the morning getting to know many of the clients who are upgrading their skills.

James is a frequent visitor to the offices of GTT in a number of centres and is high in his praise for the professionalism and expertise of both staff and clients.
