Gateway To Training (GTT)

Goondiwindi

Gateway To Training hosted a delicious early morning breakfast on International Women's Day. Over 70 ladies from Goondiwindi and district as well as school leaders from the Goondiwindi State High School attended to hear an inspiring talk by Therese Eddy.

Therese grew up in Goondiwindi and refers to it as her home place where she feels welcome and has a wonderful sense of belonging. Even though she left the community many years ago she says when she hits the outskirts of town on any trip back she feels a genuine connection.

Her presentation centered around empowering people to be the best they can and to try and chart their own course in life whatever that may be and if there are failures just to keep going even if you have to change direction.

Therese has just opened a one on one coaching and consulting business for students and parents. The web address is www.opentosuccess.com.au
